

## Galp Energia selected for inclusion in the Dow Jones Sustainability Index

Galp Energia has been selected for inclusion in both the Dow Jones Sustainability Index (DJSI) World and the DJSI Europe, following those indexes' 2012 review. Galp Energia belongs now to a group of companies that are recognized for its sustainable practices, both in Europe and in the World.

Galp Energia is now part of the restrict group of five companies within the Oil & Gas Producers sector of the DJSI Europe, out of a universe of 18 companies. Regarding the Oil & Gas Producers sector, Galp Energia was one of the 15 selected companies, within a universe of 125.

These results reflect Galp Energia's commitment to ensuring a sustainable growth, particularly in what regards the environmental, the social and the economic dimensions. The Company will proceed executing its strategy according to highly sustainable practices.

The Dow Jones Sustainability Indexes were launched in 1999, and are main global sustainability benchmarks, recognizing the World's leading companies in terms of best practices in the economic, environmental and social dimensions.
